1. It is reported that the Zentralbüro für Deutsche in Italy, founded and headed by Willi Nix von Lilien-Waldau, will be dissolved after the signing of the peace treaty and undesirable Germans will be forcibly expelled from Italy according to regulations now being made by the Italian police. Conduct during the course of the war in Italy will allegedly be one of the bases for police action.
2. The Zentralbüro has up to the present been the recognized organization handling affairs of German Nationals in Italy vis-a-vis Italian and Allied authorities.
3. Similar police action will reportedly be taken against Polish and Yugoslav Nationals who cannot justify their presence or continued stay in Italy.
